Usually taken at the outset of a student's college education, assessment is part of a matriculation plan to move the student efficiently through the educational process.

English and mathematics placement testing is offered in a computerized testing lab four days a week during two periods a year, November – January (for Spring registration) and April – August (for Summer/ Fall registration). Detailed information regarding specific test availability, including occasional Saturday paper and pencil exam offerings, test preparation materials, and alternatives to testing may be found online at www.sbcc.edu/assessment.

The Assessment Center is also a drop-off location for student prerequisite challenges. Challenges include submission of external coursework to satisfy course prerequisites. Please visit www.sbcc.edu/prerequisites for further details.

Personal needs include such activities as negotiating campus facilities, lifting and carrying possessions, eating, drinking, or completing personal hygiene activities. SBCC requires students to contact a DSPS disabilities specialist if they intend to bring a PSA to campus. participating in Gateway. All Gateway classes have a teacher-trained tutor in the classroom working directly with the faculty member. The tutor assists the faculty member by helping students achieve academic success. Housing

www.sbcc.edu/housing

California community colleges were established primarily to serve local high school graduates and other community residents and, therefore, have no on-campus housing.

With the advent of the 18-year-old majority ruling, students no longer need to attend the community college in their own district. As a result, a much more mobile student population exists than in past years.

As a service to those students living away from home, the Office of Student Life (Campus Center, Room 217) maintains listings of available rooms, apartments, and room and board situations in the community. This list is also available at www.sbcc.edu/housinglist. The office also provides a renters' housing brochure, which informs students about available rentals, dorms and rental strategies. This information is also available at www.sbcc.edu/housing. The College, however, assumes no responsibility for inspecting or supervising such housing facilities. It does support and endorse the Fair Employment and Housing Act.

Injury/Accident Reporting & Insurance

www.sbcc.edu/healthservices

Voluntary accident/medical or dental/optical insurance is available to students at a special student rate through a private insurance company. Information on these plans is available in the Health Services office and on the Student Health website: www.sbcc.edu/healthservices.

Contracts with Santa Barbara Cottage Hospital and Goleta Valley Cottage Hospital emergency rooms have been established to provide medical care to all students at a discounted rate. The emergency rooms are open 24 hours a day, seven days a week. Your student I.D. card must be presented at the time services are rendered.

All class-related, accidental injuries must be reported to the Student Health Services Office, Room SS-170, within 72 hours of the incident to be eligible for student accident policy insurance coverage. This coverage is limited to accidental injuries while participating in college classes or activities and is secondary to any other medical insurance the student may have. Coverage and limitations are outlined in a brochure available in the Health Services Office.

International Student Programs

www.sbcc.edu/internationalstudents

International students have always played an important role in the life of the college. SBCC welcomes international students and encourages them to utilize all of the services provided by the International Student Programs staff.

It is the goal of the International Student Program to provide international students with an opportunity to benefit from a high-quality academic curriculum, as well as from intellectually stimulating social and recreational activities.

Such activities, both on and off campus, are conducted by the SBCC International Student Club and the college's staff.

The college conducts two International Student programs. One is the English Language Studies Program (ELSP). The other is the International Student Academic Program (ISAP).

SBCC offers a diverse array of courses and programs transferable to four-year colleges and universities. Students who are at the appropriate level of English language skills may earn a two-year Associate Degree, as well as complete lower-division transfer requirements for four-year colleges and universities.

Housing assistance is offered to all international students. Literature on Santa Barbara area hotels and motels, as well as lists of host families who will provide short-term accommodations, is available. For permanent housing, students may live with an American family through SBCC's Homestay Referral Program.

All international students who have a student visa (F-1) are requested to contact their international student adviser as soon as possible after arriving at SBCC. Such enrollees with student visas will be assisted with the processing of papers and will be given information on upcoming international student activities and events.

Orientation Services

www.sbcc.edu/orientation

Orientation provides new students with information about Santa Barbara City College in order to prepare them for a successful college experience. Topics include educational programs, support services, college facilities, student life, and students' rights and responsibilities.

However, the college orientation is *required* for new students who have never been to college or only attended while in high school (first-time college students) and have an educational goal on their SBCC application of Associate Degree, transfer to a four-year institution, or basic English/math/reading skills.

In addition to the college orientation, several departments and support programs require supplemental orientation to familiarize students with services, procedures and policies of the department or program.
