

## Job Referral Services

The Career Center receives numerous job orders from employers in the community and provides referrals for full- and part-time jobs and internships. It also provides a website listing information on all on-campus student jobs and maintains an online job referral system.

Every spring the Center sponsors an annual Job Fair that invites local employers and allows students to learn about career opportunities and to apply for job openings. Additional information about job referral is available at the Career Center, located in the Student Services Building, Room 282, or by calling 965-0581, ext. 2331.

## Transfer Curricula

The large majority of SBCC courses have been reviewed and approved for transfer by four-year colleges and universities through formal articulation agreements. These courses apply to one or more General Education, lower division major and/or elective requirements. These transferable courses have University of California (UC) and/or California State University (CSU) designations in this *Catalog*. These same designations also appear in the *Schedule of Credit Classes*, which is published each semester.

Most majors at four-year colleges and universities require completion of one or more lower division courses as preparation for the upper division. Nearly all of these lower division requirements can be met through transferable SBCC courses. Students can complete four-year institution General Education requirements prior to transfer.

Articulation agreements, available at [www.assist.org](http://www.assist.org) and in the Transfer Center, identify which courses apply to General Education and lower division requirements at four-year universities. Students can complete many of the lower division requirements for majors offered by UC, CSU or independent institutions, even if SBCC does not offer the major.

Students can qualify for transfer to a multitude of four-year majors not specifically offered at SBCC. Students should check the catalog of the college of intended transfer and meet with a counselor for additional information about major programs and requirements.

## Articulation with Four-Year Institutions

To assist the student with transfer to four-year institutions, articulation agreements have been established with most California State Universities, University of California campuses and some independent California colleges and out-of-state institutions. These agreements define the courses at Santa Barbara City College that satisfy many lower division major requirements and General Education requirements at four-year institutions.

### ASSIST Transfer Articulation Information

ASSIST is a computerized student transfer articulation information system that can be accessed over the World Wide Web. It displays reports of how California community college courses can be applied when transferred to California State Universities and University of California campuses.

ASSIST is the official repository of articulation for California's public colleges and universities, and therefore provides the most accurate and up-to-date information available about student transfer in California.

ASSIST may be accessed at [www.assist.org](http://www.assist.org).

### Transfer Recognition Award

The Transfer Recognition Award is granted to any student who has completed a minimum of 24 units at Santa Barbara City College prior to transfer and has presented a letter of acceptance from an accredited four-year college or university. An application must be submitted by the student to the SBCC Transfer Center.

## UC Minimum Transfer Admission Requirements

### I. Non-California Residents

The minimum admission requirements for nonresidents are very similar to those for residents. Please consult with the Admissions Office at one of the University campuses for details. In all cases, however, nonresidents must have a minimum grade point average of 2.8 or higher in all UC transferable college coursework.

## II. California Residents

Students who were not eligible for admission to the University when they graduated from high school because they did not meet the Scholarship Requirement must:

1. Complete 60 semester units or 90 quarter units of UC transferable college credit with a grade point average of at least 2.4 (no more than 14 semester/21 quarter units may be taken Pass/No Pass).
2. Complete the following course pattern requirements, earning a grade of C or better in each course:
  - Two transferable college courses (3 semester or 4-5 quarter units each) in English composition, and
  - One transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning, and
  - Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

Students who were eligible for admission to the university when they graduated from high school – meaning they satisfied the Subject, Scholarship and Examination Requirements, or were identified by the University during their senior year as eligible in the local context – meet UC transfer eligibility requirements if they have a C (2.0) average in their transferable college coursework. Students who met the Scholarship Requirement in high school but did not satisfy the Subject Requirement must take transferable college courses in the missing subjects, earn a C or better in each required course and have an overall C (2.0) average in all transferable coursework to be eligible to transfer. Each UC campuses' ability to accept students with fewer than 60 transferable units is dependent on campus enrollment targets which vary from term to term. See a counselor for more information.

**Please Note: Fulfilling the UC minimum eligibility requirements does not guarantee admission to UC campuses.** Admission selection criteria vary widely by campus and by major. Consult with your counselor or a UC campus representative to learn about the GPA and courses that may be required for admission to particular campuses and majors.

## UC Transferable Courses

Santa Barbara City College's UC Transferable Course Agreement (TCA) is available online at [www.assist.org](http://www.assist.org). Students may also visit the Transfer Center or the Counseling Center to obtain a current list of transferable courses to the University of California. In addition, the transferability of each course is indicated immediately after the course title and unit information listed in the department/course descriptions section of this *Catalog*.

## CSU Minimum Transfer Admission Requirements

A Santa Barbara City college student who is planning to transfer to one of the campuses of the CSU system can qualify for admission by meeting the following requirements:

### Lower-Division Transfer Admission Requirements (1 to 59 semester units)

Some campuses restrict enrollment of lower-division transfer students. California residents are eligible for admission with fewer than 60 transferable semester units (90 quarter units) if they:

- Have a college grade point average of 2.0 or better in all transferable college units attempted.
- Are in good standing at the last college or university attended, i.e., eligible to re-enroll.
- Meet the admission requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies you had in high school if they did not complete the 15-unit pattern of college preparatory subjects.
- Meet the eligibility index required of a freshman.

Some campuses may require lower-division transfer students to have completed English composition and general education mathematics prior to transfer. Some campuses may require lower-division transfer students. Contact your campus of choice to determine whether there are admission limits on the number of lower-division transfer students. *Note:* Students who completed college units before they graduated from high school or during the summer between high school graduation and CSU enrollment are considered

first-time freshmen and must meet those admission requirements. For more information regarding general education and pre-major requirements, please consult with a counselor and visit [www.assist.org](http://www.assist.org).

### Upper-Division Transfer Admission Requirements (60 to 70 semester units)

You are eligible for admission with 60 or more transferable semester units (90 quarter units) if you:

- Have a college grade point average of 2.0 or better (2.4 for non-California residents) in all transferable college units attempted.
- Are in good standing at the last college or university attended, i.e., you are eligible to re-enroll.
- Have completed or will complete prior to transfer at least 30 semester units (45 quarter units) of courses equivalent to general education requirements with a grade of C or better. The 30 units must include all of the General Education requirements in communication in the English language (English composition, oral communication and critical thinking) and at least one course of at least 3 semester units (4 quarter units) required in college-level mathematics.

**Please Note: Fulfilling the CSU minimum eligibility requirements does not guarantee admission to CSU campuses.** Admission selection criteria vary widely by campus and by major. Consult with your counselor or a CSU campus representative to learn about the GPA and courses that may be required for admission to particular campuses and majors.

### CSU Transferable Courses

Santa Barbara City College's CSU baccalaureate list of transferable courses is available online at [www.assist.org](http://www.assist.org). Students may also visit the Transfer Center or the Counseling Center to obtain a current list of transferable courses to the California State University. In addition, the transferability of each course is indicated immediately after the course title and unit information listed in the department/course descriptions section of this *Catalog*.

### Lower-Division Transfer Pattern (LDTP)

The Lower-Division Transfer Pattern (LDTP) project, sponsored by the California State University (CSU) and supported by the California Community Colleges, presents potential transfer students with the most direct path to a bachelor's degree in the CSU system. The LDTP project provides a set of "road maps" for students to follow that will ensure appropriate academic preparation and that will decrease time to graduation once LDTP students enter the CSU. Students may enter into an LDTP agreement up to the time they have completed 45 transferable units. Students who elect to follow the LDTP option will receive the highest priority for admission to a CSU campus.

"Highest priority for admission" is defined as a written guarantee of admission to a particular CSU campus and major, and it goes into effect when both the student and the CSU campus ratify an LDTP agreement. The guarantee is subject both to satisfactory completion of the agreement requirements and to the campus's ability to accommodate the student. Students will be asked to complete successfully a specified set of General Education courses and major courses that will be common to all CSU campuses offering that major, and they will be asked to complete successfully an additional set of courses identified by the particular CSU campus named in the LDTP agreement. The coursework in the systemwide and campus-specific LDTP pattern will total at least 60 units, the number needed to transfer to CSU as an upper-division student.

Through CSUMentor and ASSIST, students and counselors will be able to find road maps detailing coursework preparation by CSU campus and major.

### General Education Patterns for Transfer

Santa Barbara City College students have several options to complete a General Education pattern prior to transfer:

- I. Intersegmental General Education Transfer Curriculum (IGETC)
- II. California State University General Education Breadth Pattern
- III. Campus-specific General Education Pattern

## I. Intersegmental General Education Transfer Curriculum (IGETC)

For a complete description of approved IGETC Standards, Policies & Procedures, go to [www.cacctcw.org/igetc.htm](http://www.cacctcw.org/igetc.htm)

### Frequently Asked Questions About IGETC

**1. What is IGETC?** The Intersegmental General Education Transfer Curriculum (IGETC) is a pattern of courses that California community college students can follow to satisfy *lower division* General Education requirements at any California State University (CSU) or University of California (UC) campus. **Students who do not qualify for a full or partial certification of their IGETC before transfer will be required to complete the General Education pattern of the UC or CSU campus to which they transfer. Students should be aware that additional courses are often required to fully satisfy the General Education requirements of the particular UC or CSU campus to which they transfer.**

**2. Is IGETC an admission requirement? No.** Completion of IGETC is NOT an *admission requirement* for transfer to a CSU or UC, nor is it the *only* way to fulfill the lower-division general education requirements of the CSU or UC prior to transfer. Completion of IGETC does NOT guarantee admission to a student's campus of choice. Students should meet with an academic counselor to discuss UC and CSU admission requirements. **Note: UC, Berkeley's College of Letters and Science requires full completion of the IGETC or completion of the Essential Skills Requirement by the end of spring term for fall admission as selection criteria for admission.**

**3. Is it advisable for all transfer students to follow IGETC? No.** IGETC will be most useful to students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus. Some students may be better served by taking courses to fulfill CSU's General Education breadth requirements or those of a particular UC or CSU campus. In general, students who are

pursuing majors that require extensive lower-division preparation for admission to the major (such as Engineering or other Sciences) should not use IGETC (see "IGETC Exceptions" section on next page for more information).

**4. Must the entire IGETC pattern be completed prior to transfer? No.** To be eligible for full IGETC certification, students MUST complete all IGETC requirements before enrolling at a UC or CSU campus. Partial IGETC certification is defined as completing all but one (1) OR two (2) courses on the IGETC pattern. The student may be "partially certified" and complete the missing courses after transfer in a way that is acceptable to the receiving institution. **Warning:** Students need Area 1 and 2 completed to meet minimum transfer admission requirements. Therefore, partial certification that acknowledges a deficiency in Area 1 and/or 2 may also indicate a student does not meet minimum transfer requirements. **Note:** Refer to question 2 above for UC, Berkeley's College and Letters and Science admission requirements.

**5. May coursework completed at other institutions be used to certify a student's completion of IGETC? Yes.** Only courses completed at regionally-accredited institutions can be used under the following conditions: (1) SBCC will place course work from other California community colleges (CCC) in the IGETC category listed by that campus. Courses must have been on that college's IGETC list when the courses were completed. Check the ASSIST website at [www.assist.org](http://www.assist.org) for IGETC-approved courses from California community colleges. (2) Students transferring from other than a California community college may have courses certified for IGETC **only if an equivalent course is taught at a CCC.** Such courses would be placed in the same IGETC category as the equivalent CCC course. Please consult with a counselor. (3) **Courses taken at foreign institutions are not permitted for certification on the IGETC.**

**6. Is there a minimum grade required in all courses used for IGETC certification? Yes.** IGETC courses must be completed with a grade of "C" or better. A grade of Credit or Pass may be used if the college's policy states it is equivalent to a grade of "C" or better.

**7. Can a course be used to satisfy more than one subject area?** **No.** Even though a course may be listed in more than one area on IGETC, a course may only be counted in one area (the only exception is Area 6A—Language Other Than English). However, courses used for IGETC can also count toward preparation for major requirements, except for individual CSU campus restrictions.

**8. Can Advanced Placement (AP) scores be applied to IGETC?** **Yes.** AP scores of 3, 4 or 5 can be used to satisfy any IGETC subject area **except** the Critical Thinking/English Composition or the Oral Communication requirements (Areas 1B & C). Each AP score can only be used as one course. However, more than one AP score can be used in each area except Area 1. Refer to SBCC's current *Catalog* for a list of approved AP scores and the corresponding IGETC area credit.

**9. Is certification of IGETC completion automatic?** **No.** Certification of IGETC must be requested at the SBCC Transfer Center (SS-140) after the student completes the IGETC requirements. Certification will not be made when courses are still in progress or before grades are known. Certification of IGETC is the responsibility of the **last** California community college a student attends prior to transfer. Students must attach their **official transcripts** from other colleges to their request for IGETC certification, unless they have already submitted an **official copy** to SBCC's Admissions and Records Office.

**10. Is there a minimum unit value per course?** **Yes.** All courses must have a minimum unit value of 3 semester or 4 quarter units. When combining quarter and semester unit values within an IGETC area, units should be converted to either all quarter or all semester units, whichever best meets the minimum unit requirement for that area.

**IGETC EXCEPTIONS:** Students with substantial coursework from institutions outside the United States should consult with a counselor to determine whether they should complete IGETC or the lower division breadth/General Education requirements at the campus they plan to attend. **UC, Berkeley** – IGETC is acceptable for all majors in the College of

Letters and Science, and it is highly recommended. The Colleges of Engineering, Environmental Design and Chemistry, and the Haas School of Business have extensive, prescribed major prerequisites. In general, IGETC is not appropriate preparation for majors in these colleges. Although IGETC satisfies breadth requirements for most majors in the College of Natural Resources, specific lower-division major requirements must still be satisfied; check with the College or visit the ASSIST website ([www.assist.org](http://www.assist.org)) for more information; **UC, Davis** – Anyone preparing for a bachelor of science is advised not to pursue the IGETC, and instead to concentrate on major-specific preparatory work; **UC, Los Angeles** – The Henry Samueli School of Engineering and Applied Science does not accept IGETC; **UC, Merced** – The Schools of Engineering and Natural Sciences do not recommend IGETC; **UC, Riverside** – The Marlan and Rosemary Bourns College of Engineering and the College of Natural and Agricultural Sciences do not accept IGETC, although any courses taken to satisfy it may be applied toward the college's breadth pattern. UCR's College of Humanities, Arts and Social Sciences accepts IGETC; **UC, San Diego** – The IGETC is accepted at John Muir, Earl Warren, Thurgood Marshall and Sixth Colleges only. Students completing IGETC are welcomed at Eleanor Roosevelt and Revelle Colleges; however, they must also fulfill the specific general education requirements of those colleges. At UCSD, all majors are available to students in each college, so students who choose IGETC will not be restricted in their choice of major; **UC, Santa Barbara** – Transfer students in the College of Letters and Science and the College of Creative Studies may use IGETC to substitute for General Education requirements. Transfer students in the College of Engineering may also use IGETC to substitute for General Education requirements. In addition to general education, all students in the College of Engineering are required to complete a depth requirement. Students who wish to satisfy the depth requirement prior to transfer must complete a year-long sequence in the history of world civilization, history of Western civilization, history of Western philosophy or history of Western art. Students may want to choose courses for IGETC that will concurrently satisfy the depth requirement. Students may also complete the depth

requirement with upper division coursework after transferring. *Please Note:* Students planning to transfer into a major in engineering, computer science or the biological or physical sciences must be careful to complete lower-division major prerequisites to ensure competitiveness and make normal, timely progress through their major; **UC, Santa Cruz** – Transfer students intending to pursue any major in the physical and biological sciences or the Jack Baskin School of Engineering should not follow IGETC because it will not provide them with enough lower-division preparation for their majors.

#### **AMERICAN INSTITUTIONS REQUIREMENT FOR UCSB:**

UCSB is one of the UC campuses that require a college-level AIR course. Current courses at SBCC which satisfy UCSB's AIR requirements are: Administration of Justice 101; Art 106; Asian-American Studies 101, 102; Black Studies 101, 102, 103; Chicano Studies 101, 102, 103, 121; English 225, 225GB, 226, 226H; Environmental Studies 112; Ethnic Studies 101, 101H, 107; History 100, 101, 102, 102H, 105H (before Fall 03), 109, 110, 111, 112, 114, 114H; Native American Studies 101, 102, 103; Political Science 101, 104, 106H, 151, 151H; Sociology 109. There are other options available to students to satisfy this requirement (see counselor).

#### Certificate of Achievement in IGETC (Pending Chancellor's Office Approval)

The Certificate of Achievement in IGETC at Santa Barbara City College is designed for transfer-bound students who complete their lower-division General Education requirements through the IGETC pattern prior to transferring to a University of California or a California State University campus.

#### Certificate Requirements

Students must complete all of the IGETC requirements as outlined above for a total of 35-40 semester units. All courses must be completed with a "C" grade or better or "Pass."

## II. California State University General Education Breadth

The CSU General Education Breadth is a pattern of courses that community college students can use to satisfy lower division general/graduation requirements at any California State University (CSU) campus. Completion of these courses is not required for admission to CSU. However, students who do not complete all the lower division G.E. requirements will not be "fully certified." As a result, these students will be subject to additional G.E. requirements after transfer.

### Certification

Certification of the CSU G.E. Breadth pattern is not automatic and must be requested at the SBCC Transfer Center (Student Services Rm. 140) after the student's last semester in attendance at SBCC.

Certification will not be made when courses are still in progress or before grades are known. Coursework completed at other regionally-accredited two or four-year colleges will be used in the CSU certification process. Students must attach copies of their transcripts from other colleges to their request for CSU certification.

## Santa Barbara City College 2008-2009 CSU General Education Breadth Courses

CSU General Education Breadth requirements for Santa Barbara City College are also available on the ASSIST website at [www.assist.org](http://www.assist.org).

Completion of the CSU General Education Breadth pattern represents approximately 39 units of the total transferable units required for CSU transfer admissions.
