

Degrees, Certificates and Awards

Upon satisfactory completion of requirements and upon approval of the Board of Trustees students may earn the Associate in Arts Degree, Associate in Science Degree, Certificate of Achievement, Skills Competency Award and Department Award.

Associate in Arts/Science Degrees

The awarding of an Associate Degree represents more than an accumulation of units. It symbolizes a successful attempt on the part of the college to lead students through patterns of learning experiences designed to develop certain capabilities and insights.

Among these are the ability to think and to communicate clearly and effectively, both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for, and sense of, self-understanding. In addition to these accomplishments, the student should possess sufficient depth in some field of knowledge to contribute to lifetime interest.

The governing board of the Santa Barbara Community College District shall confer the degree of Associate in Arts or Associate in Science upon a student who has demonstrated competence in reading, written expression and mathematics, and who has satisfactorily completed at least 60 semester units of college work. This coursework requirement will be fulfilled in a curriculum accepted toward the degree by the college (courses numbered 100 or higher as shown in this *General Catalog*). It must include at least 18 semester units in General Education and at least 18 semester units in a major.

Students who major in Liberal Studies, or are undecided about a major, should refer to "Liberal Studies" in this *Catalog's* Index.

Philosophy of General Education

The General Education program at Santa Barbara City College outlines a core curriculum which provides an opportunity for students to explore elements of the intellectual and ethical traditions to which they belong. The faculty believes that this common core is

of general and lasting intellectual significance and that it will establish a foundation for the lifelong process of intellectual inquiry and the integration of knowledge, skills, attitudes and experiences.

College-educated persons should be able to use this knowledge when evaluating and appreciating the physical environment, the culture and the society in which they live. Most important, General Education should lead to better self-understanding. The General Education program has several major objectives:

- To cultivate the intellectual processes of learning and to examine methods for acquiring, integrating and applying knowledge.
- To help students understand the conditions and forces which shape their lives and thus help them to cope with a complex and changing world.
- To explore elements of our common human nature and to assist students in applying critical and informed judgments to the cultural achievements of their own and other cultures.

Santa Barbara City College Associate Degree Graduation Requirements

The Associate Degree will be awarded upon completion of both department *and* college requirements as follows:

1. **Complete all department requirements with a "C" or better in each course.** Candidates for an Associate degree are required to complete at least 20% of the department requirements through SBCC. Pass/no pass grading is not permitted in those courses needed to fulfill department requirements;
2. Complete at least 18 semester units of SBCC General Education requirements (Areas A-D of the SBCC General Education pattern);

Santa Barbara City College Information Competency Requirement (Area F)

Complete at least 1.0 semester unit. Required of ALL new to college and new transfer students entering SBCC in Fall 2007 and after. Also required of all students who were enrolled at SBCC before Fall 2007, stopped attending for one semester or more, and returned to SBCC in Fall 2007 or after to complete degree requirements. *Exception:* Information Competency is required effective Summer 2006 for Liberal Studies majors.

ENG 120 or LIB 101 with a Pass (P) satisfy this requirement

Santa Barbara City College Certificate of Achievement

A state-approved program of study, designed to prepare students for job entry or career advancement, allows for Certificate programs comprised primarily of courses within a specific discipline. For most Certificate programs, students must complete all department requirements with a cumulative grade point average (G.P.A.) of 2.0 or better. Some Certificate programs require a "C" or better in every course. Candidates for a Certificate of Achievement are expected to complete at least 20% of the department requirements in residence at SBCC. Some certificates may require a higher percentage of requirements completed in residence at SBCC. Certificates of Achievement differ from Associate Degrees in that they do not require completion of SBCC Graduation Requirements for the Associate Degree.

Santa Barbara City College Skills Competency Award

The Skills Competency Award (SCA) Program identifies courses which, when taken together, will best prepare students to enter the work force in their chosen field. Candidates for a Skills Competency Award are expected to complete at least 20% of the department requirements in residence at SBCC. Some certificates may require a higher percentage of requirements completed in residence at SBCC. These awards provide future employers with verification that the student has mastered core competencies.

Students must complete each required course with a "C" or better or Pass (P). Short-term programs leading to a Skills Competency Award are available in these areas:

Santa Barbara City College Transfer Recognition Award

The Transfer Recognition Award is granted to any student who has completed a minimum of 24 units at Santa Barbara City College prior to transfer and has been presented a letter of acceptance from an accredited four-year college or university. An application must be submitted by the student to the Transfer Center.

Catalog Rights

Students may graduate under the General Education and department requirements in effect at the time of first enrollment, as long as continuous enrollment is maintained; or under the requirements in effect from the time continuous enrollment is established and maintained; or under the requirements in effect at the time of graduation. Continuous enrollment is defined as enrollment in both Fall and Spring semesters through the first census each academic year. For purposes of determining catalog rights, the catalog year is Fall, Spring, Summer.

Multiple Degrees/Multiple Majors

A student may earn A.A. and A.S. Degrees for which all local and state requirements have been met. All majors in which degree requirements have been met will be noted on both the student's transcript and the diploma.
