
Advanced Placement

Students who have completed Advanced Placement (AP) Examinations of the College Entrance Examination Board with scores of **3, 4, or 5** may receive credit at Santa Barbara City College for each advanced placement course as listed in the chart below.

Credit awarded through advanced placement *MAY* be used to satisfy graduation requirements toward the Department Award, Skills Competency Award, Certificate of Achievement and Associate Degree. The units earned from AP credit will not apply toward financial aid nor can they be used to satisfy the 15-unit residency requirement for graduation.

A score of 3, 4, or 5 is required to grant credit for IGETC and CSU GE certification. Each AP exam may be applied to one IGETC/CSU GE area as satisfying one course requirement, with the exception of IGETC Language Other Than English (Area 6A – see chart below). Students who have earned credit from an AP exam should not take a comparable college course because transfer credit will not be granted for both. The CSU policy for AP can be found at <http://www.calstate.edu/AcadAff/codedMemos/AA-2010-09.pdf>. Note that each campus in the California State University system determines how it will apply external examinations toward credit in the major. For information about course credit awarded toward the major by each CSU campus, contact the individual campus. For information about the UC policy for AP and about course credit awarded toward the major by each UC campus, visit <http://www.universityofcalifornia.edu/admissions/counselors/ap-credits/index.html>

Refer to this Advanced Placement Chart for complete 2011-2012 exam and credit listings.

IMPORTANT NOTES ABOUT AP ENVIRONMENTAL SCIENCE FOR CSU GE BREADTH: Students who pass AP Environmental Science earn 4 units of credit for CSU GE Breadth. Tests taken in Fall 2009 or earlier may apply to either B1+B3 or B2+B3 of GE Breadth. After Fall 2009, those credits may only apply to B1+B3.

IMPORTANT NOTES ABOUT AP SCIENCES FROM IGETC STANDARDS: AP exams in Biology, Chemistry or Physics B allow CCC campuses to apply 4 semester or 5 quarter units to IGETC certification. For Environmental Science, Physics C: Mechanics and Physics C: Electricity/Magnetism, 3 semester or 4 quarter units are applied for IGETC certification; therefore, students who complete these exams will be required to complete at least 4 semester or 5 quarter units to satisfy the minimum required units for Area 5.

IMPORTANT NOTES ABOUT AMERICAN IDEALS (AIR) GRADUATION REQUIREMENT:

1. At the discretion of the CSU Campus granting the degree, courses meeting this requirement may also be counted toward certification in general education (GE Breadth or IGETC).
2. CSU US History, Constitution and American Ideals Courses (AIR requirement) – Students satisfy this CSU graduation requirement through coursework in three areas:
 - US-1: Historical development of American institutions and ideals – may be completed with a score of 3 or higher on Advanced Placement US History.
 - US-2: U.S. Constitution and government – may be completed with a score of 3 or higher on Advanced Placement US Government & Politics
 - US-3: California state and local government – cannot be satisfied with an Advanced Placement score. Students must complete an approved course at a California community college or complete this requirement at the CSU campus after transfer.
