

Music

The Santa Barbara City College Music Department offers a comprehensive program aimed at reaching each student of music, both major and non-major alike. It provides the music major with a thorough basis in the creative (theory, composition, interpretation) and recreative (performance, applied music, history and appreciation) realms of musical endeavor and enjoyment. For those interested in the commercial music field, the department offers courses in jazz, sound recording and electronic music, song writing and arranging. Non-majors seeking a better understanding of music can participate in performance groups and classes in theory, history and instrumental instruction, among others.

The Associate in Arts Degree is conferred upon completion of the two-year program of study as a Music major and completion of the state and local requirements outlined later in this section. Courses are structured to offer an articulated transfer program for the major and a core of courses is offered to satisfy and nourish the reentry and continuing non-major student seeking an expressive and enjoyable musical experience.

The facilities at SBCC feature the finest in performance and rehearsal areas, no-cost use of musical instruments, individual practice rooms, and an array of special resources and equipment designed to aid students in their musical studies and achievements.

Program Student Learning Outcomes

1. Demonstrate the ability to describe significant genres of music, using appropriate music staff notation and vocabulary.
2. Aurally identify characteristic elements of music.
3. Demonstrate the ability to analyze and critically evaluate a musical performance.
4. Demonstrate a basic understanding of and skill level in the use of music technology.
5. Demonstrate effective communication skills in music notation and written assignments.
6. Identify significant social, cultural, aesthetic and historical trends in music and assess the implications and consequences of these trends.

7. Demonstrate the ability to perform through participation in Music Department vocal and/or instrumental groups.

College Requirements

For complete information, see “Graduation Requirements” in the *Catalog* Index.

Planning a Program of Study

The core courses in Music are not offered each semester. Programs must be started in the fall semester, as the beginning theory and musicianship courses are offered only in the fall, with their sequels scheduled in the spring.

Special problems confront the transfer student planning to attend a four-year college or university. Articulation agreements have been arranged with several institutions (UCSB, CSU, Northridge, etc.) Please consult Carmen Rivero in the Counseling Center for details on transfer, ext. 2285.

Preparation for Transfer

Course requirements for transfer vary depending upon the college or university a student wishes to attend. Therefore, it is *most important* for a student to consult with his/her counselor and departmental adviser before planning an academic program for transfer. Information sheets for majors, outlining transfer requirements, are available in the Counseling Center.

Honors and Awards

The Music Department selects one student each year as the outstanding student for that academic year. Selections are made by the Music faculty and a certificate is awarded. The selection is based on academic and musical achievement and group participation. Application by students is required.

Music Scholarships

The Harold M. Dunn/Mahlon Balderston Scholarship of \$750 and the Guido Bart Scholarship of \$500 may be awarded each year on the basis of academic excellence and financial need. To qualify for the grant, a student must be a declared Music major, be enrolled in a minimum of 12 units and have a 3.0 or above overall grade point average. All students with exceptional G.P.A.s are encouraged to apply. Applications are available from the Music Department Office, Room DM-104, and Financial Aid. Scholarships for vocal and instrumental performance are also available by application.

Tutorial Opportunities

Each semester, the Music Department is allocated funds to hire tutors. Students who have performed well in a course and who demonstrate an interest in teaching are selected by the instructors to tutor students currently enrolled in Music courses. The purpose is to encourage students to learn the techniques of teaching, as well as to reinforce and enhance their own learning through teaching their peers.

Special Departmental Resources

In addition to the wide range of classes available to them, students also have access to computerized music instruction, the Tapmaster rhythm and sight-reading program, an electronic music and recording laboratory, digital piano laboratory, listening laboratory with laser disc technology, and practice rooms.

Advising

A Music major meeting is held at the beginning of the academic year to inform students of advisory assistance and information available to them through the Music counselor and the Music faculty. The student is encouraged to consider a broad-based major and minor course of study in order to acquaint him/herself with the many career options.

Student Participation

Music majors are encouraged to assist in concert production and perform in student recitals held each semester.
