Admissions

College Admission

Admission to Santa Barbara City College is governed by the laws of the State of California and such supplementary regulations as have been prescribed by the Santa Barbara Community College District Board of Trustees. Citizens of other countries and out-of-state residents are required to pay tuition as well as enrollment fees.

It is the policy of the Board of Trustees of the Santa Barbara Community College District that, unless specifically exempted by statute or regulation, every course, course section, or class, reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to Santa Barbara City College and who meets such prerequisites as may be established, pursuant to section 55003 of Division 6 of Title 5 of the *California Code of Regulations*.

Graduates of High Schools

Graduates of high schools, or equivalent, are eligible for admission and may undertake any program of study for which they are prepared.

Persons 18 years of Age or Older

Persons 18 years of age or older who have not received a high school diploma, or equivalent, may be admitted to the college if they can reasonably profit from instruction.

High School Students (9th Grade or Higher): Dual Enrollment Program

Students enrolled in a public or private school who are eligible for ninth (9th) grade or higher may apply and concurrently register in up to nine (9) units of college-level courses at Santa Barbara City College through the Dual Enrollment Program.

Under the Dual Enrollment Program, seniors, may concurrently register in up to twelve (12) units of college-level courses. Course prerequisites apply. Some courses are not available to concurrently enrolled high school students. The student must have a recommendation from his/her principal or high school counselor and a signature from a parent.

In accordance with *Education Code* Section 76001, special part-time K–12 students enrolled in the secondary schools and attending SBCC (enrolled up to and including 11.9 units) are exempt from paying the enrollment fee. Special full-time K–12 students (12 units and above per semester) may not be exempted from the enrollment fee; they may, however, be individually considered for the BOGW fee waivers Part A, B or C. Those students who do not qualify for a BOGW fee waiver will be required to pay the enrollment fee for all units. All other out-of-state, non-resident and international students must pay tuition. High school students who are concurrently registered in courses given on the SBCC campus must pay the transportation and health fees.

The Dual Enrollment Application and Dual Enrollment Approval Form are available through students' school counselors, Admissions & Records and online at www.sbccc.edu/apply. The Dual Enrollment Approval Form must have a signed recommendation from the student's principal or high school counselor, and signature of a parent. After a student has been *physically present in California for one year and has manifested clear intent to become a California resident*, he/she may apply for reclassification as a California resident. State law requires consideration of *financial independence* for students seeking reclassification. It is the student's responsibility to substantiate his or her claim for residency. Residence Requirements

Each person applying for admission to, or enrolled in, a California Community College is classified for tuition purposes as either a “resident” or “non-resident” of the State of California. The right of a student to attend any public community college in California as a resident requires that he/she:

- Be a citizen of the United States, or possess or be an applicant for a permanent-resident, amnesty or other visa status, for a minimum of one year and one day, that does not preclude establishing domicile in the United States and meeting certain requirements.
- Be at least 19 years of age, and have lived in California one year and one day prior to the residency determination date: Fall 2013—August 25, 2013; and Spring 2014—January 26, 2014. (*Note:* A student, who has not been a resident of California for more than one year and who is the dependent child for income tax purposes of a California resident who has been a resident since the above-noted residence determination date, is entitled to resident classification. Submit documentation with application.)
- Have parents or a guardian who have resided in California for one year and one day, if he/she is younger than 18 years of age.
- Present evidence showing the student’s or the student’s parents’ (if under 19) intent to make California their permanent home.
- Manifest residency intent if the student is 19 years of age or over by maintaining a home in California continuously for the last two years, unless there is contrary evidence of intent.
- Manifest residency intent, if the student is under 19 years of age, by both the student and his/her parents maintaining a home in California continuously for the last two years, unless there is contrary evidence of intent.

If manifest intent cannot be shown within #5 and #6 above, then the student is required to provide evidence of intent to make California his or her permanent home. Objective manifestations of this intent include, but are not limited to:

- Payment of California state income tax as a resident.
- Registering to vote and voting in California.
- Licensing from California for professional practice.
- Showing California as the home address on a federal income tax form.
- Ownership of residential property or continuous occupancy of rented or leased property in California.
- Possessing California motor vehicle license plates.
- Possessing a California driver’s license.
- Maintaining a permanent military address or home of record in California while in the armed services.
- Establishing and maintaining active California bank accounts.
- Being the petitioner for a divorce in California. Military personnel on active duty in California, their spouses and dependent children qualify as immediate residents. (Submit documentation with application.) Students on visas will be evaluated for residency based on the type of visa, visa issue date and expiration date, length of stay in California and intent to maintain California as their permanent home. A student who cannot qualify as a resident of California must pay non-resident tuition, as stipulated by the Board of Trustees of the Santa Barbara Community College District. *Exemption from non-resident tuition* is available to certain non-resident students who attended high school in California for at least three years and received a California high school diploma or its equivalent (per AB 540 statute). Contact Admissions & Records for information and an exemption request form or go to www.sbcc.edu/forms. *Non-resident students do not automatically become residents by being in California for one year.* A student seeking reclassification from non-resident to resident status must complete and file a residency questionnaire and a statement of financial independence and must provide evidence of intent to establish permanent California residency no later than two weeks prior to the student’s registration date. Deadline enforced. The burden of proof is on the student to clearly demonstrate physical presence in California, intent to establish California residency and, in the case of students changing from non-resident to resident, financial independence from non-resident parents. The Supervisor of Admissions & Records shall determine residency of all applicants. Appeals of residency decisions shall be determined by the Dean, Educational Programs—Student Support Services or his designee.
