Degrees, Certificates and Awards

Upon satisfactory completion of requirements and upon approval of the Board of Trustees students may earn the Associate in Arts Degree, Associate in Arts for Transfer Degree, Associate in Science Degree, Associate in Science for Transfer Degree, Certificate of Achievement, Skills Competency Award and Department Award.

Santa Barbara City College

Associate in Arts/Science Degrees

The awarding of an Associate Degree represents more than an accumulation of units. It symbolizes a successful attempt on the part of the college to lead students through patterns of learning experiences designed to develop certain capabilities and insights.

Among these are the ability to think and to communicate clearly and effectively, both orally and in writing; to use mathematics; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for, and sense of, self-understanding. In addition to these accomplishments, the student should possess sufficient depth in some field of knowledge to contribute to lifetime interest.

The governing board of the Santa Barbara Community College District shall confer the degree of Associate in Arts or Associate in Science upon a student who has demonstrated competence in reading, written expression and mathematics, and who has satisfactorily completed at least 60 semester units of college work. This coursework requirement will be fulfilled in a curriculum accepted toward the degree by the college (courses numbered 100 or higher as shown in this *General Catalog*). It must include at least 18 semester units in General Education and at least 18 semester units in a major.

Students who major in Liberal Studies, or are undecided about a major, should refer to "Liberal Studies" in this *Catalog's* Index.

Philosophy of General Education

The General Education program at Santa Barbara City College outlines a core curriculum which provides an opportunity for students to explore elements of the intellectual and ethical traditions to which they

belong. The faculty believes that this common core is of general and lasting intellectual significance and that it will establish a foundation for the lifelong process of intellectual inquiry and the integration of knowledge, skills, attitudes and experiences.

College-educated persons should be able to use this knowledge when evaluating and appreciating the physical environment, the culture and the society in which they live. Most important, General Education should lead to better self-understanding. The General Education program has several major objectives:

- To cultivate the intellectual processes of learning and to examine methods for acquiring, integrating and applying knowledge.
- To help students understand the conditions and forces which shape their lives and thus help them to cope with a complex and changing world.
- To explore elements of our common human nature and to assist students in applying critical and informed judgments to the cultural achievements of their own and other cultures.

Santa Barbara City College Associate in Arts and Associate in Science Degree Graduation Requirements

The Associate Degree will be awarded upon completion of both department and college requirements as follows:

1. Complete all department requirements with a "C" or better in each course. Candidates for an Associate Degree are required to complete at least 20% of the department requirements through SBCC. Pass/no pass grading is not permitted in those courses needed to fulfill department requirements;
2. Complete at least 18 semester units of SBCC General Education requirements (Areas A-D of the SBCC General Education pattern);
3. Complete the SBCC Institutional Requirements (Area E);
4. Complete the Information Competency Requirement (Area F);
5. Complete a total of 60 degree-applicable units (SBCC courses numbered 100 or higher);
6. Maintain a cumulative GPA of 2.0 or better in all units attempted at SBCC;
7. Maintain a cumulative GPA of 2.0 or better in all college units attempted; and
8. Candidates for an Associate Degree are required to complete 15 units through SBCC.

Santa Barbara City College Information Competency Requirement (Area F)

Complete at least 1.0 semester unit. Required of ALL new to college and new transfer students entering SBCC in Fall 2007 and after. Also required of all students who were enrolled at SBCC before Fall 2007,

stopped attending for one semester or more, and returned to SBCC in Fall 2007 or after to complete degree requirements. *Exception:* Information Competency is required effective Summer 2006 for Liberal Studies majors.

ENG 120 or LIB 101 with a Pass (P) satisfies this requirement.

Santa Barbara City College Associate in Arts and Associate in Science for Transfer Degrees

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in *California Education Code* sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “Associate Degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (A.A-T) or the Associate in Science for Transfer (A.S-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (A.A-T or A.S-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the A.A-T or A.S-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. For the latest information about transfer degrees, visit the following website: www.sb1440.org or www.adegreewithaguarantee.com.

At the time of *Catalog* publication, a student may earn the following A.A-T/A.S-T degrees at SBCC: Administration of Justice for Transfer (A.S-T), Business Administration (A.S-T), Communication Studies for Transfer (A.A-T), History for Transfer (A.A-T), Kinesiology for Transfer (A.A-T), Political Science for Transfer (A.A-T), Psychology for Transfer (A.A-T), and Sociology for Transfer (A.A-T) Additional majors are under development. For more information, please refer to appropriate *Catalog* section and see a counselor.

Requirements

The following is required for all A.A-T or A.S-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Please consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an "A.A-T" or "A.S-T" major as detailed in the appropriate departmental section of this Catalog. All courses in the major must be completed with a grade of C or better (title 5 § 55063).
4. Certified completion of the California State University General Education-Breadth pattern (CSU GE Breadth); OR the Intersegmental General Education Transfer Curriculum (IGETC) pattern (see "Transfer Curricula" in the *Catalog* Index for more information about CSU GE Breadth and IGETC requirements).
5. Candidates for an Associate Degree for Transfer are required to complete at least 20% of the department requirements through SBCC. Pass/no pass grading is not permitted in those courses needed to fulfill department requirements. Candidates for an Associate Degree for Transfer are also required to complete 15 units through SBCC.

Santa Barbara City College Certificate of Achievement

A state-approved program of study, designed to prepare students for job entry or career advancement, allows for Certificate programs comprised primarily of courses within a specific discipline. For most Certificate programs, students must complete all department requirements with a cumulative grade point average (GPA) of 2.0 or better. Some Certificate programs require a "C" or better in every course. Candidates for a Certificate of Achievement are expected to complete at least 20% of the department requirements in residence at SBCC. Some certificates may require a higher percentage of requirements completed in residence at SBCC, Certificates of Achievement differ from Associate Degrees in that they do not require completion of SBCC Graduation Requirements for the Associate Degree.

Santa Barbara City College Skills Competency Award

The Skills Competency Award (SCA) Program identifies courses which, when taken together, will best prepare students to enter the work force in their

chosen field. Candidates for a Skills Competency Award are expected to complete at least 20% of the department requirements in residence at SBCC. Some SCAs may require a higher percentage of requirements completed in residence at SBCC. Skills Competency Awards are not state-approved. These awards provide future employers with verification that the student has mastered core competencies. Students must complete each required course with a "C" or better or Pass (P). Short-term programs leading to a Skills Competency Award are available in these areas:

Santa Barbara City College Transfer Recognition Award

The Transfer Recognition Award is granted to any student who has completed a minimum of 24 units at Santa Barbara City College prior to transfer and has been presented a letter of acceptance from an accredited four-year college or university. An application must be submitted by the student to the Transfer Center.

Catalog Rights

Students may graduate under the General Education and department requirements in effect at the time of first enrollment, as long as continuous enrollment is maintained; or under the requirements in effect from the time continuous enrollment is established and maintained; or under the requirements in effect at the time of graduation. Continuous enrollment is defined as enrollment in both Fall and Spring semesters through the first census each academic year. For purposes of determining catalog rights, the catalog year is Fall, Spring, Summer.

Multiple Degrees/Multiple Majors

A student may earn A.A., A.A.-T, A.S., and A.S.-T Degrees for which all local and state requirements have been met. All majors in which degree requirements have been met will be noted on both the student's transcript and the diploma.

Career and Technical Education Programs

The lack of English language skills will not be a barrier to enrollments in Career and Technical Education programs.

Posibles dificultades con el inglés no son una barrera para matricularse en programas de carreras académicas o educaci—n técnica.

Career and Technical Education (CTE) Curricula
