Special Instructional Programs

Professional Development Center

The Professional Development Center (PDC) provides coordination and administration for credit-based, short-term workplace training and contract education. Most courses are housed in the Professional Development Studies and Computer Applications and Office Management departments, and are delivered in half-day and one-day training formats. See Professional Development Studies courses in this *Catalog*.

Workshops focus on such topics as Customer Service, Handling Difficult Situations, Leadership, Teamwork and Microsoft Computer Applications. The PDC also coordinates ESL and Workplace Spanish with local employers. Study Abroad Programs

Santa Barbara City College is committed to promoting international understanding and global responsibility.

SBCC offers full semester-length programs in a number of countries. In the past, SBCC semester program participants have studied in France, Italy, England, Spain, Turkey, Greece, Costa Rica, China, Vietnam, Chile, Argentina and New Zealand. Courses typically include a broad range of disciplines, such as art, literature, political science, marketing, communication, language other courses appropriate to the country.

Summer Programs

Language programs may be available during the summer for four weeks of intensive study in Costa Rica, Spain, France, Italy or other non-English speaking destinations. Non-language summer programs have included film studies and production in Italy, Thailand and Australia, photography in Cuba, France and England, communication in Australia, India and Rwanda, art history in France, marketing in England, France and Austria as well as other disciplines and destinations. The cost ranges between \$9,000 and \$12,000 for semester programs and is considerably less for the summer programs. Excursions, lodging and meals (for some programs) are included in the program cost. Limited scholarships, grants, loans and other financial aid are available for those students who qualify.

- Fully online courses require no on-campus meetings or exams but may require students to take proctored exams. These can be accomplished via virtual proctoring.
- Partially online courses may require attendance at on-campus orientations and exams, or have regular meeting times.

State Authorization of Distance Education Outside of California

If you are a Santa Barbara City College student (or prospective student) who will not reside in California while enrolled in distance education courses at Santa

Barbara City College, please be aware of the following information:

Santa Barbara City College delivers online education programs and courses throughout the United States and internationally, and its online offerings continue to expand. All programs have been approved by the California Community College Chancellor's Office.

Due in part to the increased popularity of distance education, many states have prescribed an "authorization" process for out-of-state institutions delivering online programs to its state residents. States are attempting through these processes to ensure quality postsecondary education, to preserve the integrity of an academic degree and to instill greater consumer protection for their student citizens.

Authorization (sometimes referred to as "registration," "licensure," "approval," etc.) indicates that certain minimum standards have been met by the institution under the laws and regulations of that state. Authorization does not constitute an endorsement of any institution, course or degree program. Credits earned at an institution do not necessarily transfer to all other institutions.

Santa Barbara City College has taken steps to protect its students and operations nationwide. The institution has been granted authorizations, exemptions and waivers from many states. In other states, Santa Barbara City College can operate without such authorization because the state's laws do not pertain to a public institution, to an accredited institution or to the college's activities in that state. We advise students residing in states in which Santa Barbara City College is not approved to offer distance education not to enroll in distance education classes at Santa Barbara City College. See www.sbcc.edu/distancededucation/stateauthorization.php for a complete list of states in which Santa Barbara City College is approved to offer distance education.

Questions about Santa Barbara City College's Authorization Status?

If you are or will be enrolled in a program delivered completely online, please contact the program's academic adviser.
