Barbara City College, please be aware of the following information:

Santa Barbara City College delivers online education programs and courses throughout the United States and internationally, and its online offerings continue to expand. All programs have been approved by the California Community College Chancellor's Office.

Due in part to the increased popularity of distance education, many states have prescribed an "authorization" process for out-of-state institutions delivering online programs to its state residents. States are attempting through these processes to ensure quality postsecondary education, to preserve the integrity of an academic degree and to instill greater consumer protection for their student citizens.

Authorization (sometimes referred to as "registration," "licensure," "approval," etc.) indicates that certain minimum standards have been met by the institution under the laws and regulations of that state. Authorization does not constitute an endorsement of any institution, course or degree program. Credits earned at an institution do not necessarily transfer to all other institutions.

Santa Barbara City College has taken steps to protect its students and operations nationwide. The institution has been granted authorizations, exemptions and waivers from many states. In other states, Santa Barbara City College can operate without such authorization because the state's laws do not pertain to a public institution, to an accredited institution or to the college's activities in that state. We advise students residing in states in which Santa Barbara City College is not approved to offer distance education not to enroll in distance education classes at Santa Barbara City College. See *www.sbcc.edu/distanceeducation/ stateauthorization.php* for a complete list of states in which Santa Barbara City College is approved to offer distance education.

Questions about Santa Barbara City College's Authorization Status?

If you are or will be enrolled in a program delivered completely online, please contact the program's academic adviser.
