Job Referral Services

The Career Center receives numerous job orders from employers in the community and provides referrals for full- and part-time jobs and internships. It also provides a website listing information on all on-campus student jobs and maintains an online job referral system. Every spring the center sponsors an annual Job Fair that invites local employers and allows students to learn about career opportunities and to apply for job openings. Additional information about job referral is available at the Career Center, located in the Student Services Building, Room 282, or by calling (805) 965-0581, ext. 2331.

Transfer Curricula

The large majority of SBCC courses have been reviewed and approved for transfer by four-year colleges and universities through formal articulation

agreements. These courses apply to one or more General Education, lower division major and/or elective requirements. These transferable courses have University of California (UC) and/or California State University (CSU) designations in this *Catalog*. These same designations also appear in the *Schedule of Credit Classes*, which is published each semester.

Most majors at four-year colleges and universities require completion of one or more lower division courses as preparation for the upper division. Nearly all of these lower division requirements can be met through transferable SBCC courses. Students can complete four-year institution General Education requirements prior to transfer.

Articulation agreements, available at www.assist.org, identify which courses apply to General Education and lower division requirements at four-year universities. Students can complete many of the lower division requirements for majors offered by UC, CSU or independent institutions, even if SBCC does not offer the major.

Students can qualify for transfer to a multitude of four-year majors not specifically offered at SBCC. Students should check the catalog of the college of intended transfer and meet with a counselor for additional information about major programs and requirements.

Articulation with Four-Year Institutions

To assist the student with transfer to four-year institutions, articulation agreements have been established with most California State Universities, University of California campuses and some independent California colleges and out-of-state institutions. These agreements define the courses at Santa Barbara City College that satisfy many lower division major requirements and General Education requirements at four-year institutions. For more information on articulation visit articulation.sbcc.edu.

ASSIST Transfer Articulation Information

ASSIST is a computerized student transfer articulation information system that can be accessed over the World Wide Web. It displays reports of how California community college courses can be applied when transferred to California State Universities and University of California campuses.

ASSIST is the official repository of articulation for California's public colleges and universities, and therefore provides the most accurate and up-to-date information available about student transfer in California. ASSIST may be accessed at www.assist.org.

UC Minimum Eligibility Requirements for Transfer Admission

I. Non-California Residents

The minimum admission requirements for non-residents are very similar to those for California residents. Please consult with the admissions office at one of the university campuses for details. In all cases, however, non-residents must have a minimum grade point average of 2.8 or higher in all UC-transferable college coursework.

II. California Residents

Students who were not eligible for admission to the university when they graduated from high school because they did not meet the Scholarship Requirement must:

1. Complete 60 semester units or 90 quarter units of UC-transferable college credit with a grade point average of at least 2.4 (no more than 14 semester/ 21 quarter units may be taken Pass/ No Pass).
2. Complete the following course pattern requirements, earning a grade of “C” or better in each course:
 - Two transferable college courses (3 semester or 4-5 quarter units each) in English composition; *and*
 - One transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning; *and*
 - Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, and the physical and biological sciences.

Students who were eligible for admission to the university when they graduated from high school—meaning they satisfied the Subject, Scholarship and Examination Requirements, or were identified by the university during their senior year as Eligible in the Local Context—meet UC transfer eligibility requirements if they have a “C” (2.0) average in their transferable college coursework. Students who met the Scholarship Requirement in high school but did not satisfy the 15-course Subject Requirement must take transferable college courses in the missing subjects, earn a “C” or better in each required course and have an overall “C” (2.0) average in all transferable coursework to be eligible to transfer. Each UC campus’s ability to accept students with fewer than 60 transferable units is dependent on campus enrollment targets, which vary from term to term. See a counselor for more information.

Note: Fulfilling the UC minimum eligibility requirements does not guarantee admission to UC campuses. Admission selection criteria vary widely by campus and by major. Consult with your counselor or a UC campus representative to learn about the GPA and courses that may be required for admission to particular campuses and majors. Refer to the University of California website for UC transfer requirements: <http://admission.universityofcalifornia.edu/transfer/requirements/>.

UC-Transferable Courses

Santa Barbara City College’s UC-Transferable Course Agreement (TCA) is available online at www.assist.org. In addition, the transferability of each course is indicated immediately after the course title and unit information listed in the department/course descriptions section of this *Catalog*.

CSU Minimum Eligibility Requirements for Transfer Admission

A Santa Barbara City college student who is planning to transfer to one of the campuses of the CSU system can qualify for admission by meeting the following requirements:

Lower-Division Transfer Admission Requirements (1 to 59 semester units)

Many campuses restrict enrollment of lower-division transfer students. California residents may be eligible for CSU admission with fewer than 60 transferable semester units (90 quarter units) if they:

- Have a college grade point average of 2.0 or better in all transferable college units attempted.
- Are in good standing at the last college or university attended, i.e., eligible to re-enroll.
- Meet the admission requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies you had in high school if they did not complete the 15-unit (a-g) pattern of college preparatory subjects.
- Meet the eligibility index required of a freshman.

Some campuses may require lower-division transfer students to have completed English composition and General Education mathematics prior to transfer. Some campuses do not admit lower-division transfer students. Contact your campus of choice to determine whether there are admission limits on the number of lower-division transfer students.

Note: Students who completed college units before they graduated from high school or during the summer between high school graduation and CSU enrollment are considered first-time freshmen and must meet those admission requirements. For more information regarding General Education and pre-major requirements, consult with a counselor and visit www.assist.org.

Students who do not meet the eligibility index from high school are highly recommended to continue their education at a community college and complete 60 or more transferable semester units (90 quarter units) before attempting to transfer to a CSU. Students should complete as many of the General Education and pre-major requirements as possible. Consult with a counselor.

Upper-Division Transfer Admission Requirements (60 to 70 semester units)

You are eligible for admission with 60 or more transferable semester units (90 quarter units) if you:

- Have a college grade point average of 2.0 or better (2.4 for non-California residents) in all transferable college units attempted.
- Are in good standing at the last college or university attended, i.e., you are eligible to re-enroll.
- Have completed or will complete prior to transfer at least 30 semester units (45 quarter units) of courses equivalent to General Education requirements with a grade point average of “C” or better. The 30 units must include all of the General Education requirements in communication in the English language (English composition, oral communication and critical thinking) and at least one course of at least 3 semester units (4 quarter units) required in college-level mathematics.

Note: Fulfilling the CSU minimum eligibility requirements does not guarantee admission to CSU campuses. Admission selection criteria vary widely by campus and by major. Consult with your counselor or a CSU campus representative to learn about the GPA and courses that may be required for admission to particular campuses and majors. Refer to the CSU Mentor website for CSU transfer eligibility requirements (www.csumentor.edu/planning/transfer).

CSU-Transferable Courses

Santa Barbara City College’s CSU baccalaureate list of transferable courses is available online at www.assist.org. In addition, the transferability of each course is indicated immediately after the course title and unit information listed in the department/course descriptions section of this *Catalog*.

Santa Barbara City College Associate in Arts and Associate in Science for Transfer Degrees

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in *California Education Code* Sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “Associate Degree for transfer”, a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer

(AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements. For the latest information about transfer degrees, visit www.sb1440.org or www.adegreewithaguarantee.com.

At the time of *Catalog* publication, a student may earn the following AA-T/AS-T degrees at SBCC: Administration of Justice for Transfer (AS-T), Art History for Transfer (AA-T), Business Administration (AS-T), Communication Studies for Transfer (AA-T), Elementary Teacher Education for Transfer (AA-T), History for Transfer (AA-T), Kinesiology for Transfer (AA-T), Mathematics for Transfer (AS-T), Philosophy for Transfer (AA-T), Physics for Transfer (AS-T), Political Science for Transfer (AA-T), Psychology for Transfer (AA-T), Sociology for Transfer (AA-T) Spanish for Transfer (AA-T), Studio Arts for Transfer (AA-T) and Theatre Arts for Transfer (AA-T) Additional majors are under development. For more information, refer to appropriate *Catalog* section and see a counselor.

Requirements

The following is required for all AA-T or AS-T degrees:

1. Minimum of 60 CSU-transferable semester units.
2. Minimum grade point average (GPA) of at least 2.0 in all CSU-transferable coursework. While a minimum of 2.0 is required for admission, some majors may require a higher GPA. Consult with a counselor for more information.
3. Completion of a minimum of 18 semester units in an “AA-T” or “AS-T” major as detailed in the appropriate departmental section of this *Catalog*. All courses in the major must be completed with a grade of “C” or better (Title 5 § 55063).
4. Certified completion of the California State University-General Education-Breadth pattern (CSU GE Breadth); *OR* the Intersegmental General Education Transfer Curriculum (IGETC)

pattern (see “Transfer Curricula” in the *Catalog Index* for more information about CSU GE Breadth and IGETC requirements).

Important Note: *The Physics AS-T requires completion of IGETC. The CSU GE Breadth is not allowed for this degree.*

5. Candidates for an Associate Degree for Transfer are required to complete at least 20% of the department requirements through SBCC. Pass/No Pass grading is not permitted in those courses needed to fulfill department requirements. Candidates for an Associate Degree for Transfer are also required to complete 15 units through SBCC.

Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course signals that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of their unique titles or local course number. Thus, if a schedule of classes or catalog lists a course bearing a C-ID number, for example COMM 110, students at that college can be assured that it will be accepted in lieu of a course bearing the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to www.assist.org to confirm how each college’s course will be accepted at a particular four-year college or university for transfer credit.

The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and qualified for or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

Students may consult the ASSIST database at www.assist.org for specific information on C-ID course designations. Counselors can help students interpret or explain this information.

General Education Patterns for Transfer

Santa Barbara City College students have several options to complete a General Education pattern prior to transfer:

- I. Intersegmental General Education Transfer Curriculum (IGETC)
- II. California State University General Education Breadth Pattern
- III. Campus-specific General Education Pattern

I. Intersegmental General Education Transfer Curriculum (IGETC)

The Intersegmental General Education Transfer Curriculum (IGETC) is a pattern of courses that California community college students can follow to satisfy lower-division general education requirements at any California State University (CSU) or University of California (UC) campus. In addition, completion of IGETC qualifies students to receive a Certificate of Achievement from SBCC. *Students who do not qualify for a full or partial certification of their IGETC before transfer will be required to complete the General Education pattern of the UC or CSU campus to which they transfer.* Students should be aware that additional courses are often required to fully satisfy the General Education requirements of the particular UC or CSU campus to which they transfer. IGETC is not advisable for all transfer students. Students should meet with an academic counselor and visit www.sbccc.edu/transfercenter/whichge.php to determine the appropriate general education option for their transfer goal. A student who is initially enrolled at a UC and is returning to the same UC campus (after attending a community college) is considered a “readmit” and cannot use IGETC. However, students who initially enroll at a UC, attend a community college and return to a different UC campus, may be able to use IGETC, but should check with the campus they wish to attend. This restriction does not apply to students who have taken UC summer session or Extension classes only. For a complete description of approved IGETC Standards, Policies and Procedures, go to http://icasca.publishpath.com/Websites/icasca/images/IGETC_Standards_version_1.5_Final.pdf

Frequently Asked Questions About IGETC

1. **What is IGETC?** The Intersegmental General Education Transfer Curriculum (IGETC) is a pattern of courses that California community college students can follow to satisfy lower-division General Education requirements at any California State University (CSU) or University of California (UC) campus. Completion of IGETC qualifies students to receive a Certificate of

Achievement from SBCC. **Students who do not qualify for a full or partial certification of their IGETC before transfer will be required to complete the General Education pattern of the UC or CSU campus to which they transfer.**

Students should be aware that additional courses are often required to fully satisfy the General Education requirements of the particular UC or CSU campus to which they transfer.

2. **Is IGETC an admission requirement? No.** IGETC is not advisable for all transfer students. Completion of IGETC is *NOT* an admission requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower-division General Education requirements of the CSU or UC prior to transfer. *Note:* UC Berkeley's College of Letters and Science requires full completion of the IGETC or completion of the Essential Skills Requirement by the end of spring term for fall admission as selection criteria for admission. In general, all UC and CSU campuses highly recommend completion of IGETC for most majors, and some rank students for admission based on how closely they complete their lower-division General Education before transferring. However, completion of IGETC does *NOT* guarantee admission to a student's major or campus of choice. Students should meet with an academic counselor to discuss UC and CSU admission requirements. Refer to www.universityofcalifornia.edu/admissions/transfer/requirements/index.html for UC transfer eligibility requirements and www.csumentor.edu/planning/transfer for CSU transfer eligibility requirements.
3. **Is it advisable for all transfer students to follow IGETC? No.** IGETC will be most useful to students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus. Some students may be better served by taking courses to fulfill CSU's General Education/breadth requirements or those of a particular UC or CSU campus. In general, students who are pursuing majors that require extensive lower-division preparation for admission to the major (such as Engineering or other sciences) should not use IGETC (see "IGETC Considerations" at www.universityofcalifornia.edu/admissions/transfer/requirements/additional-requirements/igetc/index.html for additional information). Students pursuing these majors are normally advised to complete as much preparation for their major as possible before transfer. Students should

meet with an academic counselor to discuss major preparation required for their campus and refer to www.assist.org for further information on major requirements. A student who is initially enrolled at a UC and is returning to the **same** UC campus (after attending a community college) is considered a "readmit" and **cannot** use IGETC. However, students who initially enroll at a UC, attend a community college and return to a **different** UC campus, may be able to use IGETC, but should check with the campus they wish to attend. This restriction does not apply to students who have taken UC summer session or Extension classes only.

4. **Must the entire IGETC pattern be completed prior to transfer? No.** However, to be eligible for full IGETC certification, students **MUST** complete all IGETC requirements before enrolling at a UC or CSU campus. Partial IGETC certification is defined as completing all but one (1) *OR* two (2) courses on the IGETC pattern. The student may be "partially certified" and complete the missing courses after transfer in a way that is acceptable to the receiving institution. **Warning:** Students need Area 1 and 2 completed to meet minimum transfer admission requirements. Therefore, partial certification that acknowledges a deficiency in Area 1 and/or 2 may also indicate a student does not meet minimum transfer requirements. **Note:** Refer to question 2 above for UC Berkeley's College of Letters and Science admission requirements.
5. **May coursework completed at other institutions be used to certify a student's completion of IGETC? Yes.** However, only courses completed at regionally-accredited institutions can be used under the following conditions: (1) Coursework from other California community colleges (CCC) will be placed in the IGETC category listed by that campus. Courses must have been on that college's IGETC list when the courses were completed. Check the ASSIST website at www.assist.org or <http://articulation.sbcc.edu/IGETC/IGETC.pdf> for IGETC-approved courses from California community colleges. (2) Students transferring from institutions outside of the California community college system may have courses certified for IGETC **only if an equivalent course is taught at a CCC.** Such courses would be placed in the same IGETC category as the equivalent CCC course. Please consult with a counselor. (3) **Courses taken at foreign institutions are not permitted** for certification on the IGETC.

6. **Is there a minimum grade required in all courses used for IGETC certification? Yes.** IGETC courses must be completed with a grade of “C” (2.0) or better (a “C-minus” cannot be used). A grade of Credit or Pass may be used if the college’s policy states it is equivalent to a grade of “C” (2.0) or better.
7. **Can a course be used to satisfy more than one subject area? No.** Even though a course may be listed in more than one area on IGETC, a course may only be counted in one area (the only exception is an advanced course that meets Area 6A Language Other Than English). However, courses used for IGETC can also count toward preparation for major requirements, except for individual CSU campus restrictions.
8. **Can Advanced Placement (AP) scores be applied to IGETC? Yes.** AP scores of 3, 4 or 5 can be used to satisfy any IGETC subject area except the Critical Thinking/English Composition or the Oral Communication requirements (Areas 1B & C). Each AP score can only be used as one course. However, more than one AP score can be used in each area except Area 1. Refer to the chart available at <http://articulation.sbcc.edu/IGETC/IGETC.pdf> for a list of approved AP scores and the corresponding IGETC area credit.
9. **Can International Baccalaureate (IB) scores be applied to IGETC? Yes.** IB scores of 5, 6 or 7 can be used to satisfy certain IGETC subject areas. Each IB score can only be used as one course. However, more than one IB score can be used in each area. Refer to the chart available at <http://articulation.sbcc.edu/IGETC/IGETC.pdf> for a list of approved IB scores and the corresponding IGETC area credit.
10. **Is certification of IGETC completion automatic? No.** Certification of IGETC must be requested at the SBCC Transfer Center (SS-140) after the student completes the IGETC requirements. Certification applications may be obtained from the Transfer Center (SS140) or at <http://articulation.sbcc.edu/CSU/CSUGApplication.pdf> and must be submitted to the Transfer Center. Certification will not be made when courses are still in progress or before grades are known. Certification of IGETC is the responsibility of the last California community college a student attends prior to transfer. Students must attach their official transcripts from other colleges to their request for IGETC certification unless they have already

submitted an official copy to SBCC’s Admissions & Records Office.

11. **Is there a minimum unit value per course?**

Yes. All courses must have a minimum unit value of 3 semester or 4 quarter units. When combining quarter and semester unit values within an IGETC area, units should be converted to either all quarter or all semester units, whichever best meets the minimum unit requirement for that area.

CSU Graduation Requirement in U.S. History, Constitution and American Ideals

This requirement may be met before or after transfer to the CSU. At the discretion of the CSU campus granting the degree, courses meeting this requirement may also be counted toward certification in general education. Students satisfy this CSU graduation requirement through coursework in three areas: US-1, US-2 and US-3. A student must take one course from each of the three areas. A student may use the same course to satisfy more than one area (US-1, US-2, US-3), if applicable. *Note:* The combination of **HIST** 101 and 102 (or 102H) may also satisfy this requirement but *ONLY* if both courses were completed before Fall 2004.

Certificate of Achievement in IGETC

The Certificate of Achievement in IGETC at Santa Barbara City College is designed for transfer-bound students who complete their lower-division General Education requirements through the IGETC pattern prior to transferring to a University of California or a California State University campus.

Certificate Requirements

Students must complete all of the IGETC requirements as outlined above for a total of 35-40 semester units. All courses must be completed with a "C" grade or better or "Pass" (equivalent to a grade of "C" or better).

II. California State University

General Education Breadth

The CSU General Education Breadth is a pattern of courses that community college students can use to satisfy lower division general/graduation requirements at any California State University (CSU) campus. Completion of these courses is not required for admission to CSU. However, students who do not complete all the lower division G.E. requirements will not be "fully certified." As a result, these students will be subject to additional G.E. requirements after transfer.

Certification

Certification must be requested after the student completes the CSU GE Breadth requirements. Certification applications may be obtained from the Transfer Center (SS140) or at <http://articulation.sbccc.edu/IGETC/IGETCAplication.pdf> and must be submitted to the Transfer Center. Certification will not be processed when courses are still in progress or before grades are known. Certification is the responsibility of the *last* California community college a student attends prior to transfer. Students must attach their **official transcripts** from other colleges to their request for certification unless they have already submitted an **official copy** to SBCC's Admissions & Records Office.

Santa Barbara City College 2014-2015 CSU General Education Breadth Courses

CSU General Education Breadth requirements for Santa Barbara City College are also available on the ASSIST website at www.assist.org.

Completion of the CSU General Education Breadth pattern represents approximately 39 units of the total transferable units required for CSU transfer admissions.
