Associate in Arts Degree in Liberal Arts: Emphasis in

Bio-Medical Sciences (see Biological Sciences)

Program Description

The Liberal Arts and Sciences degree is designed for students who wish to have a broad knowledge of arts and sciences, while building a foundation within an “area of emphasis.” This degree can be a good option for students who may need to explore possibilities before committing themselves to a major prior to transferring to a four-year university or for students who may not be planning to transfer but wish to earn a degree in a particular area of study that interests them.

Students planning to transfer to a four-year university are cautioned that this degree may not meet all of the requirements for transfer into a particular major. However, through careful educational planning with an SBCC academic counselor, this degree would offer a solid foundation in the transfer process. Because admission and major preparation requirements vary at each transfer institution, students should select their General Education option and their coursework for the Associate Degree in consultation with an SBCC academic counselor to ensure appropriate academic planning. For detailed information on transfer requirements to the University of California and California State University systems, students should meet with a counselor and refer to www.assist.org.

Department Offices

Division: Educational Programs Support

Ben Partee, *Dean* (SS-260, ext. 2202)

Advisers/Counselors

Counseling Center Counselors (SS-120, ext. 2285)

AA Degree: Liberal Arts and Sciences

The Associate Degree will be awarded upon completion of department and Associate Degree graduation requirements.

Arts and Humanities Emphasis

By completing the Liberal Arts and Sciences—Emphasis in Arts and Humanities degree, students will be exposed to an interdisciplinary pattern of coursework essential to the understanding of the contemporary world, its people and its cultures. Students will survey, analyze and interpret key philosophical, historical, literary, aesthetic and cultural works produced over the course of human history to better understand social and historical life, as well as human existence, human meaning and human creativity. Students will also practice forms of creative, intellectual and cultural expression. Common majors within the Arts and Humanities Emphasis include, but are not limited to, English, Ethnic Studies, Film Studies, Fine Arts, Foreign Languages, History, Humanities, Music, Philosophy and Theatre Arts.

Department Requirements

Students must complete 18 units from the following courses with a “C” or better in each course. Pass/No Pass grading is not permitted in a course within a student’s major area of study. Students are strongly advised to meet with a counselor to ensure appropriate course selection for their educational goal.

American Sign Language 101, 102, 103, 104, 125

Arabic 101, 102

Art 101, 102A, 102B, 103, 104 or 104H, 106, 108, 109, 110, 111, 112, 114, 120, 130, 132, 210, 211, 215, 216

Asian-American Studies 101, 102

Black Studies 111, 113

Chicano Studies 113, 114, 115, 130, 131, 160

Chinese 101, 102, 103

Early Childhood Education 115

English 221 or 221GB, 222 or 222GB, 225 or 225GB, 226 or 226H, 231 or 231GB, 232 or 232GB, 236 or 236GB, 237 or 237GB, 240, 241, 242, 251, 261, 262 or 262GB

Environmental Studies 112

Ethnic Studies 101 or 101H, 117, 121, 122

 Theatre Arts 103, 106, 107, 108, 111, 120, 121, 134, 136, 141, 151, 160, 175, 215

Science and Mathematics Emphasis

By completing the Liberal Arts and Sciences—Emphasis in Science and Mathematics Degree, students will be exposed to wide range of coursework to achieve a foundational understanding of mathematics and the natural sciences. Students will survey, analyze and interpret concepts, theories and methodologies as they relate to the natural sciences and mathematics and how this knowledge has shaped the course of human development over the ages. Additionally, students will develop critical thinking skills, mathematical and quantitative reasoning skills and research methodology. Common university majors within the Science and Mathematics Emphasis include, but are not limited to, Astronomy, Astrophysics, Biochemistry, Biology, Chemical Physics, Chemistry, Earth Sciences, Environmental Studies, Geography (Physical), Geological Sciences, Mathematics and Physics.

Department Requirements

Students must complete 18 units from the following courses with a “C” or better in each course and must take at least one course in science and at least one course in mathematics. Pass/No Pass grading is not permitted in a course within a student’s major area of study. Students are strongly advised to meet with a counselor to ensure appropriate course selection for their educational goal.
