

Ted Townsend Award facilitated by DSPS

Lilly Mondragon Camacho

Submitted by Jana Garnett

Lilly Mondragon Camacho is set on helping others. This desire to help others informed Lilly's educational goal and has altered her journey. Due to physical limitations, Lilly's dream of Nursing and Radiology has been replaced with the pursuit of studying the Administration of Justice. Lilly will use this knowledge and future degree to help others navigate through the Justice and Medical Systems. Despite hardships, health issues, and physical limitations, Lilly's passion, persistence and adaptability to current obstacles makes her an inspiration to all. Like Ted Townsend, Lilly's attitude and determination will ensure her success.
